WHAT

CMA – Copenhagen Miniature Art – is a yearly open call exhibition of miniature art in Central Copenhagen. It is organized by and presented in Gallery Nybro in January every year. Jury members will be a selection of artists connected with the Gallery.

WHERE

Galleri Nybro is a 100% artist run exhibition space in Central Copenhagen, founded in 1989. One of the oldest still active galleries in Copenhagen. CMA since 2020.

RULES

Any artist, working in any style or media that fulfills the size qualifications below can participate in this open call. Works submitted may not have been shown before, not physically in exhibitions, nor online on webpages, social media, etc. or have participated in other open call exhibitions.

WHAT IS MINIATURE ART

Miniature art is known for their impressive amount of detail, often painted in oil with very small brushes. Portraits are the main form, as are landscapes. Most art museums / Royal castles have a small collection of such miniature art on display. However, we accept all kinds of art, as long as the outer dimensions are kept.

REQUIREMENTS/PREPARATION

Your works **MUST** be ready for hanging/presentation. 2-dimensional art is hung on a small hook and must have the hanger centered on the back. No loose hangers. 3-dimensional art is placed on shelves/tables/benches and must be able to stand independently. A plinth, if any, must be permanently mounted.

The maximum outer dimensions for the works,
including any kind of frame or mount, are:
